

**FINAL EXAM SCHEDULE – EVEN SEMESTER 2023-2024**  
**INTERNATIONAL BACHELOR PROGRAM CHEMICAL ENGINEERING – FACULTY OF ENGINEERING**

| Day / Date                 | Period      | Semester 2                   |      | Semester 4                                    |      |
|----------------------------|-------------|------------------------------|------|---|------|
|                            |             | Course (invigilators)        | Room | Course (invigilators)                         | Room |
| Tuesday<br>June 18, 2024   | 08.00-10.00 | Philosophy Antropology (MKU) | *    | Unit Operation I (Aning)                      | D106 |
|                            | 10.00-12.00 | Physics Lab                  | *    |   |      |
|                            | 13.00-15.00 | Chemistry I Lab              | #    | Accounting (Ariston)                          | D106 |
| Wednesday<br>June 19, 2024 | 08.00-10.00 |                              |      | Strategic Management (Sigit)                  | D106 |
|                            | 10.00-12.00 | Calculus II (Nathania)       | D105 |   |      |
|                            | 13.00-15.00 | English II (Yohanes)         | D105 | Kinetic and Catalyst (Chintya)                | D106 |
| Thursday<br>June 20, 2024  | 08.00-10.00 |                              |      | Introduction to Transport Phenomena (Suryadi) | D106 |
|                            | 10.00-12.00 | Physical Chemistry (Shella)  | D105 |   |      |
|                            | 13.00-15.00 |                              |      | Industrial Microbiology Lab (Nathania)        | D106 |
|                            | 15.00-17.00 | Bahasa Indonesia (Wenny)     | *    |   |      |
| Friday<br>June 21, 2024    | 08.00-10.00 | Chemistry II (Chintya)       | D105 | Engineering Mathematics II (Jindra)           | D106 |
|                            | 10.00-12.00 |                              |      |   |      |
|                            | 13.00-15.00 | Chinese II (Irma)            | D106 | Chinese IV (Irma)                             | D106 |

\* Exam room refers to the regular class

# Take home exam

Surabaya, May 31, 2024  
Chair of the Chemical Engineering Department,  
  
Ir. Sandy Budi Hartono, S.T., M.Phil., Ph.D., IPM.  
NIK. 521.99.0401
